Boys Town Community Centre gains funding

13 March 2007

Craig Emerson Member for Rankin, is pleased to announce the Boys Town Community Learning Centre project has received \$550,000 in funding under the regional partnerships program.

Mr Emerson said: “This funding will be instrumental in fitting out a building to enable the delivery of an increased range of personal development programs designed to assist community members to overcome barriers to learning.”

It is hoped this new project will assist over 500 young Logan people into employment-related training programs.

Mr Emerson said: “This funding is recognition of the hard work being achieved in our community by dedicated youth workers. Logan City has been a pioneer in many of the pilot programs which are now running successfully throughout the state.”
