CRAIG EMERSON

Member for Rankin

09 June 2011

ABOVE AND BEYOND THE CALL

Burrowes State School P&C President, Mrs Lea Collier has received formal recognition of her volunteer work for the school community from Member for Rankin, Craig Emerson during a ceremony to open the school's new Resource Centre and hall extension.

'Mrs Collier has been a committed parent of the school since her daughter first attended. I award Mrs Collier with the Above and Beyond Award to formally recognise her contribution to the improvement of services for staff and students and her commitment to the local community,' Mr Emerson said.

Burrowes State School Principal, Monique Pfingst said, 'Principals past and present have praised Mrs Colliers dedication to the students. She has organised and run the uniform shop , assisted in the tuckshop, helped with student banking and has regularly attended and assisted at all school activities including discos, sausage sizzles and Under 8s days for a number of years.'

'This award is something that will mean a lot not only to Mrs Collier but also Burrowes students and their families. Many of our parents work but still manage to give a hand when they can. People like Mrs Collier and our great P&C really make an impact.'
